IT Program Manager and Service Delivery Leader

Program / Delivery Leadership | Stakeholder Management & Executive Communication | Governance / PMO Controls / Assurance | Risk, Issue & Dependency Management | Financial & Commercial Management | Service Delivery & Operational Readiness

ITAM/ITSM Senior Program Manager and Service Delivery Leader with 15+ years of experience delivering large-scale IT transformations for global enterprises, with strong cloud transformation capability across the Azure ecosystem and operational excellence. Expertise in establishing **governance frameworks**, driving **cross-functional team delivery**, and implementing PMO structures that ensure compliance and audit readiness. Demonstrated history of managing multi-million-dollar budgets, achieving high SLA/OLA compliance, and delivering cost savings through strategic risk management, stakeholder engagement, and process optimisation. **Expert in Agile/Hybrid delivery methodologies (PMP, PRINCE2, Scrum), ServiceNow, and Azure ecosystems.** Skilled at executive reporting, KPI tracking, and escalation management to ensure program success and strategic alignment. Exploring AI-driven automation and predictive analytics to enhance IT governance and service management outcomes. **Available to join in 1-2 months for Service Delivery, Program Manager and IT Asset Manager roles**

KEY ACHIEVEMENTS

- Delivered \$3M+ in cost savings through strategic ITAM optimisation, predictive analytics, and governance across multi-region enterprise programs.
- Delivered multi-stream programs within budget (Mail Migration ~157K, CMS/PKI ~204K, PC Lifecycle ~110K) with tight scope control, risk management, and executive reporting, under high audit pressure
- Achieved 98% SLA/OLA compliance and 20% faster service delivery by implementing ITIL, COBIT, and ISO 27001-aligned governance frameworks.
- Managed program budgets totalling \$471K across multiple concurrent projects, maintaining scope control and budget adherence and strengthened audit readiness and compliance by embedding ISO 27001 / ITIL-aligned controls, risk registers, and evidence-ready documentation into ITAM/ITSM processes

PROFESSIONAL EXPERIENCE

Program Manager / Solution Architect / Service Delivery Manager

Tata Consultancy Services (TCS), Dubai and Bengaluru, India

March 2023 – September 2025

Owned end-to-end delivery/execution for multiple workstreams with integrated planning (roadmaps, schedules) and tight management of dependencies/interdependencies across Infra, Security, ITAM and vendors

- Secured GE HealthCare IT Leader recommendation as "strategic execution leader" for driving dual-domain digital transformation, reducing asset management complexity, and delivering PC lifecycle impact within 6 months
- Orchestrated enterprise-wide ITSM and ITAM transformation program spanning Mail Migration (\$157K), Cyber Security CMS/PKI (\$204K), and PC Lifecycle Management (\$110K), maintaining full scope control and delivering all initiatives on time and within budget
- Established a comprehensive governance framework aligned with ITIL, COBIT, and ISO 27001 standards, implementing approval gates, quality assurance protocols, and escalation procedures that achieved 98% SLA/OLA compliance.
- Led cross-functional teams of 10-20 stakeholders across infrastructure, security, ITAM, and vendor partners, driving accountability through structured planning sessions and performance metrics tracking.
- Implemented proactive risk management protocols with early escalation mechanisms, mitigating audit findings and achieving an audit-ready state for Offshore Development Centre (ODC) operations
- Built an end-to-end operating model integrating CMDB-as-a-Service with SLA frameworks, stabilising critical operations and improving service quality through continuous improvement initiatives

IT Asset Manager / Service Delivery Lead

Cognizant Technology Solutions, Chennai, India

November 2020 – March 2023

Led ITAM & SACM service delivery for enterprise clients, coordinating cross-functional stakeholders (IT, Procurement, Security, Finance) and platform owners (ServiceNow/Flexera) to deliver stable operations and service outcomes

- Awarded Cognizant "Certificate of Appreciation" for exemplary FY2022 performance in ITAM service delivery and stakeholder satisfaction
- Embedded GRC monitoring controls into ITSM workflows, enabling proactive risk detection and ensuring compliance adherence across all service delivery functions.
- Directed transition and implementation of ITAM services, defining KPIs, improving SACM operations, and enhancing visibility through ServiceNow automation. Developed comprehensive SLA dashboards and reporting mechanisms, optimizing service delivery performance and providing stakeholders with actionable insights.
- Represented Cognizant for all Internal and External ITAM audits. Executed financial planning including budget forecasting, cost optimization strategies, and RFP estimation models aligned with organizational objectives.
- Managed complex IT Asset logistics and vendor management across India during COVID-19, coordinating with IT leadership and vendors while maintaining service continuity.

IT Asset Manager / Process Improvement Lead

BNY Mellon Technologies, Chennai, India

February 2013 – November 2020

Achieved \$3M–\$8M in cumulative ITAM-related cost savings through strategic license compliance optimisation, audit management, and governance across multi-region programs. Introduced multiple strategic enhancements in the ITSM tool to improve turnaround time (TAT) and reduce process wastage.

- Led organisation-wide license true-up and reconciliation programs, strengthening compliance posture and delivering accurate financial forecasting to executive stakeholders.
- Streamlined procurement and asset workflows, reducing processing time by 30% through automation and process re-engineering initiatives.
- Defined and implemented the organization's ITAM policy framework, establishing quality standards and governance controls aligned with ISO 20000/27001.
- Led process re-engineering and automation initiatives for global ITSM operations, reducing process inefficiencies by 27% and removing 39% of stale data from ITSM tools.
- Streamlined change management workflows, reducing ticket rejections by 28% through strengthened governance and incident-change linkage protocols.

Software Tester

Funizen Solutions, Bengaluru, India

2010 – 2013

EDUCATION

- Certified Chief Technology Officer | IIT Delhi 2026 (Ongoing)
- Diploma in Certified Project Management | IIM Indore, India | 2022
- Bachelor of Engineering – Computer Science | SRM Institute of Science and Technology, Chennai | 2009

SKILLS

Program & Project Management | Governance & Compliance Frameworks | Stakeholder Management | Risk Management & Escalation | Budget Planning & Cost Control | Cross-Functional Team Leadership | KPI Tracking & Executive Reporting | Agile / PRINCE2 / Hybrid Delivery | PMO Setup & Operations | Service Delivery Management | Quality Assurance & SLA Management | ITIL / COBIT / ISO 27001 | ServiceNow / Azure / Flexera | Process Optimisation / Excellence | Vendor & Contract Management | Generative AI & AI Agents | Digital Transformation & Automation | Prompt Engineering

INNOVATION & EMERGING TECHNOLOGY PROJECTS

- AI Product Development: Built AI-powered applications using GenAI, prompt engineering, and AI Agents frameworks as personal innovation projects
- Technical Demonstrations: Presented AI product demos to 200+ audience at technology meetups/conferences - Active Learning: Maintaining a pipeline of 2 AI innovation projects exploring intelligent automation and workflow optimisation
- Certifications: Generative AI Certification, hands-on prompt engineering and AI Agents development

AWARDS & RECOGNIZATION

- Leadership Endorsement (GE HealthCare IT Leader, TCS client), 2025
- Certificate of Appreciation (Reed Exhibitions, CTS Client), 2022
- Recognised as SME for ITSM & ITAM practices (Infra, BNY).

- Featured as one of the “Top Emerging Global Leaders Shaping the Future in 2026” in [The Arabian Articles](#) online article.
- Nominated for “Outstanding Leadership Awards” at Fluxx Conference 2026

CERTIFICATIONS

PRINCE2 Practitioner (6th Edition) | ITIL v4 Managing Professional (MP) | Agile Scrum Master (ASM) | Six Sigma Green Belt | ISO 27001 Lead Auditor | Certified Software Asset Manager (CSAM) | CHAMP | Flexera ITAM | ServiceNow Fundamentals | Google Cloud Digital Leader | Generative AI Certification | NLP Personal & Business Practitioner
